FOREWORD

This Roster is prepared and published under the authority of a Resolve approved April 10, 1929 by the 84th Legislature entitled: "RESOLVE, to Provide for the Printing of the Report of the Adjutant General, Including the Records of Maine Men in the World War."

These records have been prepared from the National Guard Records as shown in this office at the time the different units responded to the call of the President when the United States entered the great conflict; from returns made by the Local Boards of the State to the Adjutant General after each draft induction call; from records furnished from the office of the Adjutant General and Bureau of Navigation at Washington and from the participant's discharge certificate which was forwarded this office when the $100. State Bonus was paid.

Those who served in the World War were subjected to frequent transfers and any grouping of individuals who served in a particular organization is impracticable; therefore this Roster has been prepared by grouping separately the Army, Navy, Marine Corps, Coast Guard and Nurse Corps, and listing thereunder in alphabetical order the name of each individual who served therein, thus avoiding the necessity of an index to the names.

The place of residence given in this Roster is that place given by the participant upon entering the service, verified by the place given as that residence upon his application for bonus.

The task of assembling the data for the records was started in 1917, and the preparation has required a great amount of painstaking labor by the record clerks. Every precaution has been taken that these records be accurate. It is inevitable that there be errors. As errors have been discovered by the War Department or by reference to the original discharge certificate, proper corrections have been made.

It is believed that these pages will provide future generations with a permanent record that will increase in value as the years pass.
